Dear Mrs. Graff:

Cherokee County Schools deeply appreciate all the excellent instruction your artists have provided to our students. Our Mountain Youth and Even Start students have reaped great benefits. The mural at Mountain Youth is very impressive as are other projects throughout the schools. When all agencies work together, as you exemplify, the citizenry benefits.

Thank you for partnering with Cherokee County Schools and providing much needed and much appreciated instruction in arts and crafts.

Sincerely,

Jeanette F. Hedrick, Ph.D.
